

**Mrs. Molly Nesham**, joined Trinity Christian Academy in 2017. Co-founder of the St. Peters Chess Club, Mrs. Nesham has been teaching and tutoring for more than 30 years. After graduating from General Motors Institute, now Kettering University, with a Bachelors of Electrical Engineering in 1981, she worked as an engineer for several years, implementing robots and automation systems and training people to use them. While homeschooling their four children, Molly and her husband, Timothy, opened and operated a Mathnasium Learning Center for about five years, helping more than 200 students to understand Math and Chess. Molly has taught high school Math and Science, Logic, Geography, Robotics and Chess classes, as an advocate for the “Thomas Jefferson” model of classical education for the raising up of leaders and lifelong learners. Currently, she teaches Geometry and coaches the Chess team at Trinity Christian Academy, and she is a Substitute Teacher in the Ft Zumwalt School District. She also has fun playing board games with her family, writing, designing software, or creating new blends of tea.
